☐ Yes ☐ No

9. Do you have quality improvement processes and is leadership open to new technology?

☐ Yes ☐ No

SCORING & RECOMMENDATIONS

Count Your "Yes" Answers:

Total Score: _____ / 9

Your AI Readiness Level:

AI Ready (8-9 Yes answers)

Congratulations! Your practice has excellent foundational technology and processes for AI implementation. Begin researching specific AI solutions, start with pilot programs, and develop governance policies.

Nearly Ready (6-7 Yes answers)

You're on the right track! Address gaps in technology infrastructure, strengthen security measures, and improve staff digital literacy. **Timeline:** 3-6 months to AI readiness.

Needs Preparation (3-5 Yes answers)

Foundation building required. Upgrade technology infrastructure, implement cybersecurity measures, and train staff on digital workflows. **Timeline:** 6-12 months to AI readiness.

Significant Preparation Needed (0-2 Yes answers)

Start with the basics. Conduct comprehensive technology assessment, develop digital transformation roadmap, and invest in basic infrastructure. **Timeline:** 12+ months to AI readiness.
